

# I Do It for Me

Chris LeDoux

Met a rodeo cowboy in Billings  
Killing time, trading stories and beer  
And asked him how he made a living  
Riding broncs and bull doggin' steers Well, he smiled as he tipped his hat slowly  
He said, friend, it ain't all like it seems  
While some folks are makin' a livin'  
Others are livin' their dreams And some cowboys ride for the buckle  
Some for the rodeo name  
Some like the sound or the thrill of the crowd  
And others got no place to stay Some do it for love and others for money  
Some ride for glory or fame  
But through all of my seasons, of all of the reasons  
I've stayed on this circuit for me He said I've been on this suicide circuit  
For the best part of fifteen long years  
Don't let this ol poker face fool you  
Because beneath it a measure of fear I've been beat, I've been down  
I've been busted till my body was cryin' with pain  
Take a couple of days and shake it all off  
And you do it all over again And some cowboys ride  
I've stayed on this circuit for me
