

Breakout

Swing Out Sister

Breakout Don't start to ask
And now you've found a way to make it last
You've got to find a way
Say what you want to say
Breakout Don't start to ask
And now you've found a way to make it last
You've got to find a way
Say what you want to say
Breakout When explanations make no sense
You're fighting with less confidence
The time has come to make or break
Breakout Don't start to ask
And now you've found a way to make it last
You've got to find a way
Say what you want to say
Breakout The situations never change
Tomorrow looks unsure
Don't leave your destined trains
What are you waiting for?
The time has come to make or break
Breakout Don't start to ask
And now you've found a way to make it last
You've got to find a way
Say what you want to say
Breakout Don't start to ask
And now you've found a way to make it last
You've got to find a way
Say what you want to say
Breakout Some people stop at nothing
If you're searching for something Lay down the law
Shout out for more
Breakout and shout
Day in, day out
Breakout Don't start to ask
And now you've found a way to make it last
You've got to find a way
Say what you want to say
And breakout Lay down the law
Shout out for more

Breakout and shout
Day in, day out
Breakout
And breakout
And breakout Lay down the law
Shout out for more
Breakout and shout
Day in, day out
You've got to find a way
Breakout
And breakout
And breakout
