

Red Eye

King

Let's explore, let's explore
So much more to discover We're right on time to rendezvous, international affair
Been thinking maybe we could get away
Egyptian paradise, Tokyo sunrise
Tonight's the night that we plan our escape, let's escape Late night, last flight
We'll travel into the twilight
Catch a red eye, catch the red eye In the air through the miles, overnight on the run
Serengeti smiles, Santorini sun
Riviera to Nile, getaway for a while
Tonight's the night that we plan our escape, let's escape Late night, last flight
We'll travel into the twilight
Catch a red eye, catch the red eye And soon enough, we'll arrive
Fly through the Nigerian night sky
Catch a red eye, catch a red eye Let's leave tonight, catch the next flight
Zambia bound, then to Capetown
I really wanna go From Spain we'll swing straight to Beijing
What do you say to San Francisco Bay?
I really wanna go there Descend with ease in Jamaican breeze
Singapore shores, let's explore
I really wanna go there
Get up and go
