You're The Reason I'm Living

Bobby Darin

You're the reason I'm livin'You're the breath that I take
You're the stars in my heaven
You're the sun when I wakeYou're the reason I'm livin'You carry me through
All of life's little burdens
I'd be lost without youA long, long time ago
When I was down
You picked me up
And showed me
That true love still could be foundYou're the reason I do things
You're the things that I do
You're the reason I'm livin'
I'd be lost without you
Tell me againYou're the reason I'm livin'Whoa, will you carry me through?
All of life's little burdens
I'd be lost without youYou're the reason I'm livin'
