Days In Our Life

Days Of The New

I said that I want to
It's not what you say it's all in what you do
Nothing has the values of life, I said it changes
Yes, it changes unlike any other way, changes yeah
These are the days in our lives, yeah
It's time for changes
These are the years left behind, yeah
It's time for a change
I said that I want to
Dead as I want, it's not for me to choose
I said that I want to but my mind changes, yeah
Don't stare at the old view
Tell me what you can do, yeah
Get with the times, time for changes
I said, it changes unlike any other way, changes yeah
These are the days in our lives, yeah
Said, it's time for changes
These are the years left behind, yeah
Said, it's time for a change

These are the days in our lives, yeah
Yes, it's time for changes
These are the years left behind, yeah
Yes, it's time for a change
Yeah, tell me this is true
Should I believe in you?
I said, tell me what you're saying
Tell me what you said, yeah
These are the days in our lives, yeah
It's time for changes
These are the years left behind, yeah
Said, it's time for a change
These are the days in our lives, yeah
I said, it's time for changes
These are the years left behind, yeah
I said, it's time for a change
Changes, oh
