

You're With Me

Deitrick Haddon

there will be no me without you
without you what would I do oh Lord if you hadn't brought me out of the darkness
there will be no me without you
repeat
there will be no love without you
I don't know what I do
if you hadn't shown me your love
repeat chorus
when everyone turn in your way
you said it's alright, its okay
even though I know that
