Chemical Addiction

Alice In Chains

I was only 15, standout on the Ave.
You're chasing a bad dream, a luxury I never had
Living my life in the box, or sleepin in the trash
Taking girls for the things I need, like booze, drugs and ass
Get stoned, daily survival in the war zone
Yeah our teens meant everything, alright
Half rack, smoking out till it's all black
Death trap, watch me going blind, oh
I don't care what you say, I
Or what you do
Chemical addiction is
Getting rid of you
So high, colors turn to sound
Goodbye, let us in and we'll lay you in the ground
Chosen on the floor, take another drag
Bought a bunch of valiums from skinny broadway bag
I don't know much about heroin but I, I wanna try
Just about everything once before I die
Get stoned, daily survival in the war zone

Yeah our teens meant everything, alright
Half rack, smoking out till it's all black
Death trap, watch me going blind, oh
I don't care what you say, I
Or what you do
Chemical addiction is
Getting rid of you
So high, colors turn to sound
Goodbye, let us in and we'll lay you in the ground
Now Jerry do me like this...
Get stoned, daily survival in the war zone
Yeah our teens meant everything, alright
Half rack, smoking out till it's all black
Death trap, watch me going blind, oh
