

# Twice Last Night

## South Park Mexican

[Chorus]2x

We did it twice last nite  
and once in the morning

SPM

[Verse 1]

I pull out my jimmy from the cracker jack box  
Bullet proof vest blockin all my cum shots  
I got one in London and her name is Regina  
Then I got Sofia she's from Argentina  
Love em' and leave em' hell nah dat ain't my style  
I'd rather stick 'round for a good lil' while  
At least twice a week and if shes a good freak  
Bitch left a hicky on my left butt cheek  
Man i'm strong as an ox and your baby mother a bopper  
We call her da head doctor and nobody can stop her  
You need to drop her cuz all she really wants is a baller  
That bets 50 thousand dollars on a mexican boxer

[Chrous]2x

SPM

[Verse2]

She's ridin my pony, man she's horny  
But it ain't no fun if I can't call da homie  
Early in da morning, watchin erckel while she blow me  
When she see me wit my girlfriend she act like she don't know me  
Cuz she got love for me, my balls are never lonely  
Drove me crazy wit dat ass in them pretty chichrones  
In my room jammin' oldies, she's dancin in her chrones  
Had her screaming in da telly, till' da neighbor called da police  
So we had to take it else where, take them to the embassy  
Picked up a stripper, from with lesbian tendency  
Half black and japanese, blowing on them dackeries  
My bitch ate her out while I fulled up her cavities  
Then we did it

[Chorus]2x

Baby Bash

[Verse 1]

She grabbed me by my paw, and I said aw nah  
Rushed me to da bed, and jumped strait on my jaw  
Next thing she saw, playa boy wasn't small  
She ask, Baby Bash can I please take it all  
Show me and I yum-yum, man we was doin' da bid  
She made me cum-cum, damn I think I woke up her kid  
When we was on one wit hepadasia and wine  
I got a freak one, ain't no bitch colder then mine  
She got dat platinum punana, fuck madonna and jenny jenny  
My momma be on dat remmy, mixed wit henny when she get me  
And when I get her I got her, hotta den enchilada  
Ohh she brought her friend to, now it's a managatwau  
Against da wall let da camera record  
Got da berries and da cream so we could never be bored  
She kissed her tata told her nana would you please kiss your friend  
She said you know I can dada but is you join' in  
I said fo shawty, we start off slowly  
Once it hit midnight we went hard at 1:40  
Then at 2:30 she started talkin' dirty  
Got me fellin' like a champ when I'm deep up in da furry  
45 minutes strait drippin' wet took a power nap  
6 in da morning got her wetter than a shower cap  
She was on top and I was up under  
Da bed hit da wall and it sounded like thunda

[Chorus]2x
