Do You Really Want Me

Jon Secada

I try a little bit of this, ease your pain
I try a little bit of that and more
'Cause I know what and when you need it
It's you that I adoreTell me why, tell me why
Why you keep your distance?
Why do you try to resist every time I insist?
My love, my love, my love, my loveLove, do you really want me?
Yeah, yeah, yeah
Do you really want me?
Do you?Every time you bring me up
You bring me down
It really breaks my heart
I could never say goodbye, never stay apartIt's a crime, it's a crime
We can't stay together
'Cause I got nothing to hide
I just want you to try
My love, my love, my love, my loveLove, do you really want me?
Yeah, yeah, yeah
Do you really want me?
Do you?Alright, alright
It's alright, yeah
[Incomprehensible]Love, do you really want me?
Yeah, yeah, yeah
Do you really want me?
Do you?And it's a shame
That you keep your distance
Why do you try to resist every time I insist?
My love, my love, my love, my loveDo you really want me?
Yeah, yeah, yeah
Do you really want me?
Do you?Love, do you really want me?
Yeah, yeah, yeah
Do you really want me?
Do you?Love, do you really want me?
Yeah, yeah, yeah
Do you really want me?
Do you?
