## Black Rebel Motorcycle Club

Hey there, little lovers, why we fightin? with each other?  
Ain't no use in cryin? like the others  
We're fools in need, fools to believe  
We're all fools in need, too foolish to believe  
I'm gonna, uh, somebody, uh, somebody, uh, somebody, uh, somebody  
Killer, don't you please, I got time and time to bleed  
And there ain't no use in trying to deceive  
I've been fooled by the lover, fooled by the sinner  
Fooled myself into thinking I was livin?  
I'm fightin? just to breathe as I get back on my knees  
And say, help me, somebody, help me, somebody  
I'm fightin? just to breathe as I get back on my knees  
I'm gonna, uh, somebody, uh, somebody, uh, somebody, uh, somebody  
She said, suicide's easy, what happened to the revolution?  
Suicide's easy, what happened to the revolution?  
Suicide's easy, what happened to the revolution?  
Suicide's easy, what happened to the revolution?  
Hey there, little lovers, no more fightin? with each other  
Ain't no use in sufferin? like the others  
They're fools in need, fools to believe  
They're all fools in need, too foolish to believe  
I'm fightin? just to breathe as I get back on my knees  
And say, help me, somebody, help me, somebody  
I'm fightin? just to breathe as I get back on my knees  
I'm gonna, uh, somebody, uh, somebody, uh, somebody, uh, somebody  
Uhh, somebody's gonna hurt somebody  
Uhh, somebody's gonna hurt somebody  
Uhh, somebody's gonna hurt somebody  
Uhh, somebody's gonna hurt somebody  
She said, suicide's easy, what happened to the revolution?  
Suicide's easy, what happened to the revolution?  
Suicide's easy, what happened to the revolution?  
Suicide's easy, what happened to the revolution?
