

# Ooh Baby

## Anvil

I Know I tease you  
And I know you like that  
I know I please you  
'Cause that's where it's at  
I know you want me  
It shines in your eyes  
I know you'll take me  
'Cause I hate your criesOoh Baby - I'm saying this to you  
Ooh Baby - So let me on through  
Ooh Baby - Ooh Baby - YeahI know I'll get you hot  
There's no time to wait  
I know you love it hot  
I'm never too late  
I know you like the things  
That I always say  
I know you want the thing  
That's coming your wayLookout!Ooh baby
