I Want You

The Troggs

I want you, I said, I want you
I can't stand it alone on my own
I want youI need you, I said, I need you
And I hope that you need me too
I want youI want you, I said, I want you
I can't stand it alone on my own
I want youI need you, I said, I need you
And I hope that you need me too
I want you, oh
