

However Much Love

Nina

However you try to break my heart
It never stops, it never falls apart
Although it hurts inside
You know I'm satisfied

[Chorus:]

However much love you have to give
However much time I've left to live
I'd give it all for you
However much truth can hurt me now
However much faith can cast away the doubts
So don't say you're sorry
You've only this much love to give
You see, however much love's enough for me

I dare you to break this soul of mine
I dare you try to say that love's a lie
You can't blame me even then
If I still believe until the very end

[Chorus:]

However much love you have to give
However much time I've left to live
I'd give it all for you
However much truth can hurt me now
However much faith can cast away the doubts
So don't say you're sorry
You've only this much love to give
You see, however much love's enough for me

Although you may not love in the way I want you to
Doesn't mean that you don't love me too with...

[Chorus:]

However much love you have to give
However much time I've left to live
I'd give it all for you
However much truth can hurt me now
However much faith can cast away the doubts
So don't say you're sorry

You've only this much love to give
You see, however much love's enough for me
