I Know Him by Heart

Vonda Shepard

There's a secret path I follow
To a place no one can find
Where I meet my perfect someone
I've kept hidden in my mindWhere my heart makes my decisions
Til my dream becomes a vision
And the love I feel
Makes him real somedayCause I know he's out there somewhere
Just beyond my reach
Though I've never really touched him
Or ever heard him speakThough we've never been together
We've never been apart
No, we've never met
Haven't found him yet
But I know him by heartAm I living an illusion?
Wanting something I can't see
If I compromise, I'd be living lies
Pretending love's not meant to beCause I know my heart's worth saving
And I know that he'll be waiting
So I'll hold on
I'll stay strong til thenCause I know he's out there somewhere
Just beyond my reach
Though I've never really touched him
Or ever heard him speakThough we've never been together
We've never been apart
No, we've never met
Haven't found him yet
But I know him by heart
No, we've never met
Haven't found him yet
But I know him by heart
