

Anarchy In the U.K.

Sex Pistols

Advisory - the following lyrics contain explicit language:

Right now ha, ha, ha, ha, ha
I am an anti-Christ
I am an anarchist,
Don't know what I want
But I know how to get it
I want to destroy the passerby'Cause I want to be anarchy,
No dogs bodyAnarchy for the U.K.
It's coming sometime and maybe
I give a wrong time, stop a traffic line.
Your future dream is a shopping scheme'Cause I want to be anarchy,
In the cityHow many ways to get what you want
I use the best, I use the rest
I use the enemy.
I use anarchy'Cause I want to be anarchy,
Its the only way to beIs this the MPLA
Or is this the UDA
Or is this the IRA
I thought it was the U.K.
Or just another country
Another council tenancy.I want to be anarchy
And I want to be anarchy
(Oh what a name)
And I want to be an anarchist
(I get pissed, destroy!)
