If I Could Change Your Mind

Sloan

Ooh, well you stopped then you said
I doubt you'll change my mind
Ooh-ooh-ooh, faithfully
I'll rewrite every lineI do what I do
Can't undo what I did
I've never been refined
But ooh-ooh-ooh, maybe
If I could change your mindIt'd be a small step for mankind
If these planets alignedOoh, this time I laughed when you said
Easier sad than done
Ooh-ooh-ooh, lately
Sums up everyone
HeySo if this war is getting to you
Let's join the fortunate few
Ooh-oohAah-aah-aah, baby
I would like to remind
You-ooh-ooh, baby
If you're so inclined
Aah-aah-aah, baby
I could change your mind
