

# Magic In The Air

## Badly Drawn Boy

We laughed so much then we cried all night  
And you left your shoes in the tree with me  
I'll wear them to your house tonight  
Magic in the air tonight  
Yes, I just might try her  
How she made me feel  
Today, today, today, feels right

We slept on leaves on my drive all night  
And you gave me no resting  
Nothing in this life for me tonight  
But nothing ever seemed so bright  
And if you should lose me  
You will track me down again  
Before the summer ends
