

Somebody Told You

Irma Thomas

Its always somebody sayin this, somebody sayin that
But never a fact Somebody told you I was playin you for a fool
Somebody told you that I was untrue
They keep you guessin of where Im at Its always somebody sayin this, somebody sayin that
But never a fact Somebody told you I was runnin around
Somebody said with Mr. Brown across town
If you dont stay sharp you might believe the lie Its always somebody sayin this, somebody sayin that
But never a fact Ooh, why, why you accept those lies?
Wake up, be smart, open your eyes
If you keep on listenin at em, I know youll see
Theyll convince you that one and one is three Somebody told you I was runnin around
Somebody said with Mr. Brown across town
If you dont stay sharp you might believe the lie Its always somebody sayin this, somebody sayin that
But never a fact Its always somebody sayin this, somebody sayin that
But never a fact Its always somebody sayin this, somebody sayin that
But never a fact
