

# Run To You

Roxette

Baby, sometimes I feel like dying  
Driving while I'm closing my eyes  
Moving in and out of hiding  
Trying to catch some truth in my life  
Watching your stars and your moonlight  
Come tumbling down from the sky, take it now I'm gonna run to you, I'm gonna come to you  
I wanna find you in everything that I do  
I'm gonna run to you, I'm gonna count on you  
I'm gonna follow, baby, what else can I do? Sunday morning, my town is sleeping  
Lying all alone in my bed  
There's not a sound, I can't help but listening  
Wishing I was somewhere else instead  
But sometimes they're too hard to handle  
These voices inside my head, listen now I'm gonna run to you, I'm gonna come to you  
I wanna find you in everything that I do  
I'm gonna run to you, I'm gonna count on you  
I'm gonna follow, baby, what else can I do? Take a walk inside my dream  
A church, a lonely road  
All the people come and go  
And come and go Do it now
