

# You Tore Me Down

## Flamin' Groovies

Everybody knows  
That you've been untrue  
You've gone and broke my heart  
And made me blue  
Turned my head around  
Then you tore me down  
If I had a choice  
I'd not be sad  
'Cause when I hear your voice  
It makes me mad  
Baby's not around  
But she's leaving town  
Baby, baby  
Don't run away  
I want you to stay  
I'm sorry  
So sorry  
I made you blue  
And now you should be sorry too  
Should be sorry too  
Now I'm so alone  
You're far away  
I sit here at home  
No words to say  
To anyone around  
'Cause you tore me down  
You tore me down  
Tore me down  
Tore me down
