

Get Up In Jesus' Name

Collin Raye

Get up, get up, get up in Jesus' name
The Lord is calling daily to those who would be saved
Don't go down defeated while victory's here to claim
Get up, get up, get up in Jesus' name
Oh at the gate called beautiful, they're laid out in the street
A poor and lowly beggar who was crippled in his feet
As John and Peter passed him, they saw his need was bad
Well they had no gold or silver, but they gave him what they had
Get up, get up, get up in Jesus' name
The Lord is calling daily to those who would be saved
Don't go down defeated while victory's here to claim
Get up, get up, get up in Jesus' name
In the day which we live in, there's evil everywhere
Oh the body seems discouraged and overcome with fear
Well God is needing soldiers, to get out of the pews
And take hold of the power that John and Peter used
Get up, get up, get up in Jesus' name
The Lord is calling daily to those who would be saved
Don't go down defeated while victory's here to claim
Get up, get up, get up in Jesus' name
Oh get up, get up, get up in Jesus' name
The Lord is calling daily to those who would be saved
Don't go down defeated while victory's here to claim
Oh get up, get up, get up in Jesus' name
