

Jesus Knows Me (This I Love)

Morgan Easter

Before time was measured.
Before there was light.
Before any colors were set in the sky.
He know all about me.
Every breathe I would take.
He Called me by name.

Cho. Jesus know me this I love.
No, I'll never understand.
How He could see the heart of me,
And want me just the way I am.
Jesus knows me this I love.

V.2 Now He walk Beside me.
He's there everyday.
He listens to every prayer that I pray.
And when I'm filling lonely.
I just call on Him.
He's me dearest friend.

He knows my heart is human.
He knows my feet are clay.
But with everything He knows.
He loves me anyway.

Cho. Jesus know me this I love.
No, I'll never understand.
How He could see the heart of me,
And want me just the way I am.
Jesus knows me this I love.
