I Think I Will

Faith Hill

Think I will
What would you say if I said something strange
That made a difference, and how you feel?
What would you do if I did something out of the blue
To make the world a better place?
Oh I think, I will
Gonna change for our break
Gonna take your heart
And can make it mine this time,
Oh I, I think I will
Oh, I'm gonna run till I find
Another way to make you mine in time
Oh I, oh I think I will
I think I will
What would you give if I give you everything?
And that's for nothin', how would you feel?
What would you think if I thought about doing something good?
Yeah, just to make you smile
Oh I think, I will
Gonna change for our break
Gonna take your heart
And can make it mine this time,
Oh I, I think I will
Oh, I'm gonna run till I find
Another way to make you mine in time
Oh I, oh I think I will, yeah
Takin' it slow puttin' right goal
More like no other think I will
Longer I go stronger I get
How positive I think, I will
Takin' it slow longer I go
And more I can know our things that well
Longer I am there stronger I get
How positive I think I will
Gonna change for our break
Gonna take your heart
And can make it mine this time
Oh I, I think I will
I'm gonna run till I find

Another way to make you mine in time
Oh I, I think I will, yeah
Gonna change for our break
Gonna take your heart
And can make it mine this time
Oh I, I think I will
I'm gonna run till I find
Another way to make you mine in time
Oh I
Gonna change for our break
Gonna take your heart
And can make it mine this time
Oh I
