

# Age of Hubris

## Ahola

In this world of possibility  
some get this false feeling of amped potency  
it is I, I, I who wants to take it all,  
and it's no shame to find,  
that people stand in awe  
You, I is this what we want? Hear, see  
Maybe it's time to confront  
The Age of Hubris we've created now we all can be the king  
all you need is super-sized self-confidence  
and you're always is upswing  
In this air that we are breathing  
There must be something that makes us feel so high  
About ourselves, on the top shelves  
of the humankind are we the masterminds?  
You I Is this how we aspire  
The things we all Value so much and admire?  
The Age of Hubris we've created now You can be the king  
all you need is super-sized self-confidence  
and you're always is upswing  
The Age of Hubris we've created now You can be the king  
all you need is super-sized self-confidence  
and you're always is upswing  
The Age of Hubris, You can be the king  
The Age of Hubris, oh no, You can be the queen
