Into Deep

Green Carnation

[music: Tchort, lyrics: Kjetil N]Drowning slowly
In my own sea
Fading lonely
Into deepPushed too hard
Pushed too far
Into deepFell too hard
Fell too far
Into deepFeel my pity
Cause I am down
Into deepI waited for something to happen
For someone to save me
Praying for something to happen
For someone to lift meBut I kept falling downMute my eyes
Sacrifice
The dream that will always be there
Mute my eyes
Neutralize
The dream that will always be therePushed too hard
Pushed too far
Into deepFell too hard
Fell too far
Into deepI waited for something to happen
For someone to save me
Praying for something to happen
For someone to lift meBut I kept falling down
