## My Hero Is Me

Until this night I never thought I'd see  
A girl in a dress I wanted to rip off  
Of course your sister can come to  
But only if I get to tape the both of you  
You just smacked my face  
Like it was so wrong  
Of me to assume that you were both down for the dirty  
I'm not some prince, looking for a shoe  
But I'll tell you right now I got the right fit for you  
So come with me...  
My rides the gray Hyundai outside... two door

Tonight I'm yours, take my hand  
I'll be your fire baby, I'm your man  
I'll make it hot (hot)  
That's what I'll do  
Just remember baby  
This is for me and never you

Say what you will  
I treat the ladies how I want to be treated  
When we met I was honest as hell  
So why seem shocked  
That we're in some cheap motel

These sheets seem so soft to the skin  
Earlier today I tried to break them in  
Why look at me like  
I want to meet your parents  
I don't even know my own  
When inside feel free to help yourself  
I don't have much  
But I'm sure I'm gonna make it in my band  
When I do  
I'll make sure to throw money around the town  
And all the lucky ladies will come around

Money talks enough to make the ladies listen  
Money talks enough to make the ladies listen

Tonight I'm yours, take my hand  
I'll be your fire baby, I'm your man  
I'll make it hot, that's what I'll do  
Just remember baby  
This is for me and never you

Know my own

You knew what this was  
And so did the Bartender

You knew what this was  
You knew what this was

You knew what this was  
You knew what this was  
You knew what this was

And so did the Bartender
