Once In A Lifetime, Girl

Steve Perry

I understand
Did I tell you when?
Did I tell you how?
You turn my world
I'm gonna tell you now
You took my heart
You gave me yours
A love for me
I never felt before
You're my baby, baby
Oh baby, baby
Do you wanna go?
Do you wanna hear?
Do you wanna stay?
I love you, dear
So I ain't good at lying
I wouldn't lie to you
Believe me, baby
Should know it's true
I wanna keep you
Near by me, ohh
So everyone can see
That you're my baby, baby
Ohh, baby, baby, oh
Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl
Hold onto me, babe
Just like you are
Hold onto me tight
I might stumble and fall

Your love was so hard to endure
Don't need no doctor
Giving me no cure
Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl

I understand
Now, I understand
I understand
Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl
Baby, so come on
Let's do it again
More than a lover
You're more than a friend
Baby, I'm always
Wherever you are
Don't hide your feelings
Don't wander too far
Baby, so come on
Let's do it again
More than a lover
More than a friend
Baby, I'm always
Wherever you are
Don't hide your feelings
You'll wander too far
Baby, so come on
Let's do it again
