

The Cure

The School of Worship

What can I say? It was my sin that put you there that day
I'm ashamed to have claimed other names
What can I do? For it was I who spit on you
I stood, I watched, I mocked, I even cursed you too

I bow my face to the dirt, In the light of selfish sin unseen
I shut my mouth and open up, My heart now ready to receive
The Gospel shown by the love, Of Jesus King of all kings
Messiah You are the cure, You broke the curse and now I'm free
Now I'm free

What can I say? It's by your grave you even look my way
I am amazed to be claimed by this name
What can I do? It is I who honor you
I cannot be the same Your love has made me now

There is no way I could pay the debt I've made
I am a poor man
Today is the day I am saved in Jesus' name
I am a new man
