Space Is Deep

Hawkwind

Space is dark, it is so endless
When you're lost it's so relentless
It is so big, it is so small
Why does man try to act so tall
Is this the reason, deep in our minds?It does not feel, it does not die
Space is neither truth nor lie
Into the void we have to travel
To find the clue which will unravel
Is this the reason, deep in our minds?The secret lies with our tomorrow
In each of us is a hidden sorrow
The path goes onward through the night
Beyond the realms of ancient light
Is this the reason, deep in our minds?
