

Peace of Mind

Tomorrow's Finest

And I know weâ€™ve got the motivation to fulfill our dreams
You donâ€™t put your faith in any word that leaves my teeth
And I didnâ€™t come this far to give up and turn back this is all Iâ€™ve wanted
We planted the seed that will grow into a monument that came from nothing

And I hope you see your ignorance
As Iâ€™m making up for everything I missed
Put everything Iâ€™ve got into this
You told me not to take a risk

But how many nights will pass us by
We canâ€™t rewrite the time
Satisfaction is just half the crime
And I tell myself that Iâ€™ll forget you if I find the time
Iâ€™m just looking for some peace of mind

Letâ€™s go back to a time
When I was lost without these dreams in mind
Fighting demons that were much more perseverant than I
Making due till the day that Iâ€™d find my way to get to know who I was inside
And I tried to choose the path that youâ€™d want for me
I know you find so much peace in my security
I just have to do this for my own sake
I wonâ€™t be left remembering the chances that I didnâ€™t take

And I hope you see your ignorance
As Iâ€™m making up for everything I missed

But how many nights will pass us by
We canâ€™t rewrite the time
Satisfaction is just half the crime
And I tell myself that Iâ€™ll forget you if I find the time
Iâ€™m just looking for some peace of mind

Iâ€™ve got no time to lose
This is the life I choose
Iâ€™ve been beaten, broken down and I have paid my dues

I swear as long as my heart beats this is the only way Iâ€™ll ever find a home in me

I would never change everything that Iâ€™ve been through because itâ€™s made me who I am today
