

# Stop The World

Aranda

I've laid with fools  
Shook hands with the devil to break free from the rules  
I must confess  
I take more than my share so you could have less  
Live like a motto without any cause  
I've doubted myself

If you'd only help me stop the world from spinning me around  
I want to stop the world and start all over  
Stop the world before I hit the ground  
I want to stop the world from taking over me

I've been a thief and I've paid for the privilege with tears of grief  
I'm to blame and my loneliness burns like a ragged flame  
There's blood on my hands. I can't make it go away  
Nothing can keep me from trying

Stop the world from spinning me around  
I want to stop the world and start all over  
Stop the world before I hit the ground  
I want to stop the world from taking over me

With me or without me, this world keeps on turning  
Keeps me down!

Live like a motto without any cause  
I've doubted myself

If you'd only help me stop the world from spinning me around  
I want to stop the world and start all over  
Stop the the world before I hit the ground  
I want to stop the world from taking over me

Stop! Stop! Stop! Stop!
