True Devotion

Samantha Fox

We started out right, ended up wrong
For one another, babe
When life is too short, we leave it too long
To find each other, babeI don't know, I don't know
Just how we got this wayInside this breaking heart
The pieces fall apart
And all I'm dreaming of
My true devotionI don't remember when
The pleasure turned to pain
Just want you back again
My true devotionYesterdays dreams like old magazines
They lie beside the bed
The hurting inside, that old foolish pride
The things we never saidSorry now, funny how
We bite the hand that feedsInside this breaking heart
The pieces fall apart
And all I'm dreaming of
My true devotionI don't remember when
The pleasure turned to pain
Just want you back again
My true devotionI want you back againTurn out the light, say goodnight
Time to draw the blinds
Missing you, who's kidding who
We can't go on this wayInside this breaking heart
The pieces fall apart
And all I'm dreaming of
My true devotionI don't remember when
The pleasure turned to pain
Just want you back again
My true devotionInside this breaking heart
Inside this breaking heart
My true devotion
Inside this breaking heart
Inside this breaking heart
My true devotionInside this breaking heart
Inside this breaking heart
Inside this breaking heart
And all I'm dreaming of
My true devotionMy true devotion
