

# Santa Fe Blues

## Black Ace

That Santa Fe took my baby December ninth  
Tuesday evening right around six

Repeat 1

Repeat 2

We didn't have no troubles  
Just didn't have my business fixed

I stood and looked at that train  
Until it went around the bend

Repeat 1

repeat 2

I say I wonder where my baby is  
Ever think of me again

Well that blows just like  
Oh Lord! it never blowed before

Repeat 1

Repeat 2

I say my baby leavin'  
Not to come back no more

I couldn't sleep for dreamin'  
'Bout that mean ol' Santa Fe [ Fe rhymes with fee]

repeat 1

Repeat 2

I say it's takin' my baby away  
Back to the old time used to be

When the giant wheels start turnin' over  
That ol' train says choo choo

I begin to wonder deep down in my heart

What in the world will I do

You know I love you baby

Please never leave

Now when you learn to love me darlin'  
Forget about your old time usd to be
