Seen You Naked

Syd Youth

Yeah.
Uh.

(Slow it down)
Take a good look around
(Don't know where)
Don't you see me standing here
(I didn't see)
Your finger prints all over it [over it]
I'm over it

(Wasn't hard)
In a new reality
(You and me)
Remember how it used to be
(Either way)
Hiding on my secret
I'll keep it

Always make a scene, lookin' mean when you're walkin'
Entourage of homies and this week's girlfriend
Struttin' on by actin' like you don't know me
(know me, know me, know me, you know me)
Puff yourself up Mr. Know-It-All
You're larger than life, but you feel so small
I can play your game, play your game like strangers
But you know me (know me)

So remember I seen you naked
You took it off like a virgin in love
Just remember I seen you naked
You just kept hangin' like you couldn't get it hard
Just remember I seen you naked

(Turn around)
Eagle skin and ultra mouth
(Put on a show)
Tell me what it's all about
(What did you do)
It's hard for me to play this game

I hate this game

Always make a scene, lookin' mean when you're walkin'
Entourage of homies and this week's girlfriend
Struttin' on by actin' like you don't know me
(know me, know me, know me, you know me)
Puff yourself up Mr. Know-It-All
You're larger than life, but you feel so small
I can play your game, play your game like strangers
But you know me (know me)

So remember I seen you naked
You took it off like a virgin in love
Just remember I seen you naked
You just kept hangin' like you couldn't get it hard

Just remember I seen you naked
You took it off like a virgin in love
Just remember I seen you naked
You just kept hangin' like you couldn't get it hard
Just remember I seen you --

Okay now wait a minute b-b-boy
Don't even start. Kill that noise.
Heard it one too many times
Puff down you clown
You ain't that fine
Stop acting like a Thor
Hang the hammer, lose the war
Matter 'fact you don't compare
Take my advice and grow a pair
Don't try and fake
I seen you naked
Dont Act Coy Boy

So remember I seen you naked
You took it off like a virgin in love
Just remember I seen you naked
You just kept hangin' like you couldn't get it hard

Just remember I seen you naked
You took it off like a virgin in love
Just remember I seen you naked
You just kept hangin' like you couldn't get it hard
Just remember I seen you naked
