Under-estimate The Girl

Kate Nash

Everybody play, playin' so safe
No one wanna mess, mess with the rules
Everybody play, playin' so safe
No one wanna mess, mess with the rules
Everybody play, playin' so safe
No one wanna mess, mess with the rules
Everybody play, playin' so safe
No one wanna mess, mess with the rules
I feel like my head may explode
All my friends keep me alive, though
I feel I might survive alone
If I get my, my releaaaase, my release
I keep my cards close to my chest
My heart is otherwise undressed
My heart, is on my sleeve
Under-estimate me!
Under-estimate the girl!

Go on! Under-estimate her!
You keep pretending you're happy
You keep reading your magazines
My baby, is f***king me
Love the ones you say you hate
If you choose to hate the ones you love you've probably made a big mistake
But hey!
Under-estimate me!
Under-estimate the girl!
Go on! Under-estimate her!
Everybody play, playin' so safe
No one wanna mess, mess with the rules
Everybody play, playin' so safe
No one wanna mess, mess with the rules
Everybody play, playin' so safe
No one wanna mess, mess with the rules
Everybody play, playin' so safe
No one wanna mess, mess with the rules
