

Blue And Yellow (Live at Wireless FM)

The Used

And it's all in how you mix the two
And it starts just where the light exists
It's a feeling that you cannot miss
And it burns a hole
Through everyone that feels it Well your never gonna find it
If your looking for it
Won't come your way
Well you'll never find it
If your looking for it Should've done something but I've done it enough
By the way your hands were shaking
Rather waste some time with you And you never would have though in the end
How amazing it feels just to live again
It's a feeling that you cannot miss
It burns a hole through everyone that feels it
