Tell Me Mama

Little Walter

Oh, tell me mama
Who's that while ago?
Oh, tell me mama
Who's that while ago?
Yes, when I come in
Who went out that back door?Now don't come here mama
I'm gonna start a ragin' stand
You been out boogie-woogie'n
There's somethin' I don't understandI want you to tell me mama
Who's that while ago?
Yes, when I come in
Who went out that back door?Now this is somethin'
I never seen before
A man is gettin' my money
Always slammin' my back doorI want you to tell me mama
Who's that while ago?
Yes, when I came in
Who went out that back door?Oh, I had to wanna kneel down
You couldn't give the truth
His hat in his hand
And his overcoat tooI want you to tell me mama
Why can't you be true?
Yes, when I came in
Who went out that back door?He came by me runnin'
Smellin' like a whiskey can
My hat in his hand
And my overcoat tooI want you to tell me mama
Who's that while ago?
Yes, when I came in
Who went out that back door?
