Tell Me Mama

Little Walter

Oh, tell me mama

Who's that while ago?

Oh, tell me mama

Who's that while ago?

Yes, when I come in

Who went out that back door? Now don't come here mama

I'm gonna start a ragin' stand

You been out boogie-woogie'n

There's somethin' I don't understandI want you to tell me mama

Who's that while ago?

Yes, when I come in

Who went out that back door? Now this is somethin'

I never seen before

A man is gettin' my money

Always slammin' my back doorI want you to tell me mama

Who's that while ago?

Yes, when I came in

Who went out that back door?Oh, I had to wanna kneel down

You couldn't give the truth

His hat in his hand

And his overcoat tooI want you to tell me mama

Why can't you be true?

Yes, when I came in

Who went out that back door? He came by me runnin'

Smellin' like a whiskey can

My hat in his hand

And my overcoat tooI want you to tell me mama

Who's that while ago?

Yes, when I came in

Who went out that back door?
