Reach Your Peak

Sister Sledge

I'd like to see you reach your peak
And feel the beat that gets to me
I'd like to see you reach your peak
And feel the beat that gets to meI'd like to see you reach that sunny day
I hope you can achieve all of the things you say
But if you don't make it, don't give up just fake it
You're not with yet, come on and try to forgetI'd like to see you reach your peak
And feel the beat that gets to me
I like to see you reach your peak
And feel the beat that gets to meYou occupy your time with such silly things
Do you have to go every time the phone rings
And when you don't get what you want, don't fret
You know it's comin' back, relax and stop your runningI'd like to see you reach your peak
And feel the beat that gets to me
I'd like to see you reach your peak
And feel the beat that gets to meI'd like to see you reach your peak
And feel the beat that gets to me
I'd like to see you reach your peak
And feel the beat that gets to meI like to see you reach your peak
And feel the beat that gets to me
I like to see you reach your peak
And feel the beat that gets to meIf you really wanna reach a peak
You better follow me
'Cause I'm reaching the peak
I feel the rhythm, babe, yes
I'm reaching my peakI'd like to see you reach your peak
And feel the beat that gets to me
I'm reaching my peak, yeah
I like to see you reach your peak
And feel the beat that gets to me
