Plain White T's

My heart was talkin' to my head
Said, "I've loved once, I'll never love again"
And my head, at this, replied
"I'll miss her too, she was easy on the eyes"And now all they do is look around for you
And every night with their lids closed tight
They're lost in dreams but they'll awake and see
You lyin' next to meMy feet could feel it in their soles
We've gone too far and we'll never make it home
And these hands, they felt the same
They held her once but they let her slip awayAnd now all I do is look around for you
And every night with my eyes closed tight
I'm lost in dreams that I'll awake and see
You lyin' next to meIf there's one thing I've learned
It's how easy the tables turn
And if there's one thing I know
It's the fine art of letting goMy heart was talkin' to my head
Said, "I've loved once, I'll never love again"And now all I do is look around for you
And every night with my eyes closed tight
I'm lost in dreams that I'll awake and see
You lyin' next to me
