Save Somebody

Deitrick Haddon

Save somebody
Save somebody
Save somebody
Save somebody
Save somebody
Save somebody
You don't know how much I love you, yeah
And you don't know how much I need you, yeah
And you won't find no love on earth that's willin' to die for you
And [Incomprehensible] you , oh, oh
I just wanna save somebody
Save somebody, save somebody
I just wanna, I just wanna, reach somebody
Touch somebody, love somebody
I just wanna, I just wanna, save somebody
Save somebody, save somebody
I just wanna, I just wanna, reach somebody
Touch somebody, love somebody
I just wanna, I just wanna
Some, some, some, somebody
Some, some, some, somebody
Some, some, some, somebody
Some, some, some, somebody
Some, some, some, somebody
Some, some, some, somebody
Some, some, some, somebody
The love I have for you just wants to grab you
And sweep you in my arms and don't let go, no
And you will never find another lover's willing
To go beyond your mistakes
And willing to take you to a higher place
I just wanna save somebody
Save somebody, save somebody
I just wanna, I just wanna, reach somebody
Touch somebody, love somebody
I just wanna, I just wanna
That love that you never had
It can make you feel good when you should feel bad
If that kind lovin' make your haters mad

It's out of this world, hope you understand

It would still love you when you're dead wrong
Give you the power to carry on
It's like a fever, it keep risin'
It will take you higher, consumin' fire
I just wanna
Said I just wanna save somebody
Said I really wanna save somebody
Said I just gonna save somebody
I, I, said I really wanna
Said I really just gotta reach somebody
Said I really gotta touch somebody
Said I really wanna love somebody
I, I, said I really wanna
I just wanna save somebody
Save somebody, save somebody
Said I just wanna save somebody
Said I really wanna save somebody
Said I just gonna save somebody
I, I, said I really wanna
Said I really just gotta reach somebody
Said I really gotta touch somebody
Said I really wanna love somebody
I, I, said I really wanna
Said I just wanna save somebody
Said I really wanna save somebody
Said I just gonna save somebody
I, I, said I really wanna
Said I really just gotta reach somebody
Said I really gotta touch somebody
Said I really wanna love somebody
I, I, I, I
Save somebody
Save somebody
Save somebody
Save somebody
Save somebody
Save somebody
