Make Out

Julia Nunes

I got shit to do
I know you do to
but I won't let go of you
'til you push me away
the second you leave
I miss you
I could see you tomorrow but I don't wanna waitkiss me in the doorway
always on your way out
I'm tryna make you stay
so we can make outkiss me in the doorway
always on your way out
I'm tryna make you stay
so we can make outyou're an open book
but I can't read you
start the countdown 'til I lose ya
three two
one
I'm done, I'm dead
forget what I said
I'm done, I'm dead
forget what I saidkiss me in the doorway
always on your way out
I'm tryna make you stay
so we can make outkiss me in the doorway
always on your way out
I'm tryna make you stay
so we can make outoh ohI know what you like so
baby don't go
kiss you so slowI know what you like so
baby don't go
kiss you so slowkiss me in the doorway
always on your way out
I'm tryna make you stay
so we can make outkiss me in the doorway
always on your way out
I'm tryna make you stay
so we can make out
