

Secrets

All 4 One

i've got a secret i've never told, it's kind of nasty
and kinda bold, it's all about you and i, doing our thing
and getting freaky all right (sang)
i really wanna touch ya and lay you down
massage your body down to the ground
i'll take my time, i'll go real slow
just tell me baby where you want me to go
i've got a secret
a secret about you
and it's all about the freaky things
that we're gonna do
there ain't nothing that can keep me from you
'cause when we're through i'll know it's true
you like the thing that i do
i always see you inside my dreams
we've got the lights down, we're doing things
you kiss me here, i kiss you there,
it's time to get down, and get freaky everywhere
so baby don't be shy it's only me

we'll have a real good time doing our thang
i know you'll like the way i feel
so come on baby let's just get with the feel
i've got a secret
a secret about you
and it's all about the freaky things
that we're gonna do
there ain't nothing that can keep me from you
'cause when we're through i'll know it's true
you like the thing that i do
i've got a secret
a secret about you
and it's all about the freaky things
that we're gonna do
there ain't nothing that can keep me from you
'cause when we're through i'll know it's true
you like the thing that i do
and it's all about the freaky things we're gonna do
