

Temples from the Within

Killswitch Engage

Make me feel serenity when all is revealed
So easy to look back in life
And question but I must seek the strength to push forward, forward, forward
I want to see what's so beautiful inside
As we drink of life
Absolve me through your suffering Make me feel serenity when all is revealed
So easy to look back in life
And question but I must seek the strength to push forward, forward, forward
You teach me to inscribe
These words upon my heart
You cover me with the shadow of your hand Everything that tears us down
I will not loose myself in everything that tears us down
Because you stand by me
No one to blame, no one to blame for my transgressions You teach me to inscribe
These words upon my heart
You cover me with the shadow of your hand I will not loose myself
In everything that tears me down
Because you stand, stand by me I want to see what's so beautiful inside
As we drink of life
Absolve me through your suffering I will not loose myself in everything that tears us down
Because you stand by me
There's no one to blame, no one to blame
