

Something

The Artful Dodger

Something' taking over my head is spinning can't stop this feeling
Something' taking over my head is spinning can't stop this feeling
Something' taking over
Something' taking over

Said its spinning something taking over babe
Said its spinning something taking over baby

Its all about you darling
Yes you do-o-o
its all about you darling
I can stop this feeling baby
i can stop this feeling (roll the bass)

Something' taking over my head is spinning can't stop this feeling (so fine why'all)
Something' taking over my head is spinning can't stop this feeling (play that thing)
Something' taking over my head is spinning can't stop this feeling (feeling say)
Something' taking over my head is spinning can't stop this feeling
(Roll the bass) Roll the bass
1 2 how you doing Artful D (Fade)

Something' taking over
I get this feeling
Something' taking over
Round and round and round I go
Something' taking over
Out of my mind
Something's taking over
Something' taking over
Out of my mind
Something' taking over
Um Um roll the bass

Something' taking over my head is spinning can't stop this feeling
Something' taking over my head is spinning can't stop this feeling
All because of you
Something' taking over my head is spinning can't stop this feeling
Out of my mind

Something' taking over my head is spinning can't stop this feeling

Roll the bass why'all
Um-Um Um-Um taking over
Um-Um Um-Um Oh yes I do
Um-Um Um-Um taking over (Fade)
