

Strawberries Mean Love

Strawberry Alarm Clock

Strawberries mean love
What's it made of?
Think you need love
You can feel love You can find
Strawberries' love there Life goes nowhere
Why are you there?
You cannot hide there
What will you find there? You can find
Strawberries' love there Doo-wah, doo-wah
Doo-wah, doo-wah Time can't end soon
Start before noon
All but a balloon
Cast up to the moon You can find
Strawberries' love there Seeing fields of
Flowered fields of
Think you need love
What's it made of?
