

# I'll Award You With My Body

## Redfoo

If you do that girl  
If you do that girl  
If you do that girl ah  
If you do that girl like yeah  
If you do that girl like ah  
If you do that girl I'll award you with my body  
Body  
Body  
Body  
I'll award you with my body  
Body  
My body  
Body  
I'll award you with my Hot flashes in your face  
I'll be calling your name all over the place  
What you see redfoo with the animal print  
When you move real quick up in the sprint yeah  
Whip that hair  
Turn around  
Stop and stare  
Work it  
It ain't hard to see  
You got what it takes to be a nominee Do it  
If you do that girl  
Do it  
If you do that girl ah  
If you do that girl  
If you do that girl like  
If you do that girl like yeah  
If you do that girl like  
If you do that girl I'll award you with my body  
Body  
Body  
Body  
Do it Where did she go Let's check the tape  
Does the red carpet match the drape  
Shake that body like a mound of play-doh  
Peel that dress like ripe tomato  
Skin tight

All night  
Sweatin' like fight  
Finish last too much to handle  
I got something big to put on your mantle  
And it ain't a mackerel  
And it ain't a jackle  
And it ain't a fracktal  
But it will last forever  
And it ain't a sweater  
And it ain't pleather  
More like leather  
Lets sing together Girl I'm looking for a winner  
(Whose hungry)  
For the dinner  
And maybe just show me  
Do you want the big trophy If you do that girl  
Do it  
If you do that girl ah  
If you do that girl do it  
If you do that girl like  
If you do that girl like yeah  
If you do that girl like ah  
If you do that girl I'll award you with my body  
My body  
My body  
Body body  
I'll award you with my body  
My body  
My body  
Do it  
I'll award you with my body  
My body  
My body  
I'll award you with my body  
My body (do it)  
My body I'll award you with my body  
(Can I get a glass a water and a lonzenger) Oh no not a lobster a lonzenger
