Bloodshot

Handsome Ghost

[Verse 1]
I've been running around
like an un-kept kid
Trying to remember
the things I did
If I went too far
I hope it doesn't do me inCause they tell me a man
is just a sum of his parts
Well in body, in blood
and a terrible heart
And it all adds up
to every different person I've been[Bridge]
I wanted to crash your party
but I couldn't find your house
I wanted to touch your body
and kiss you on the mouth[Chorus]
Bloodshot
What do you want?
What do you want?[Verse 2]
I know that you see me
as a younger man
Cities and countries
they had other plans
And we all grow up
What? Do you think you're gonna grow back?And the people around me
they're not my friends
You can do what you want
I'd rather pretend
Cause no one should be lonely
Everyone needs people like that[Bridge]
I wanted to crash your party
but i couldn't find your house
I wanted to touch your body
and kiss you on the mouth[Chorus]
Bloodshot
What do you want?
What do you want?[Verse 3]
Everyone you know
is living at home

In the gutted out basement
Chemicals on[Chorus]
Bloodshot
What do you want?
What do you want?
Bloodshot
What do you want?
What do you want?
