Dallas (with Band)

Johnny Winter

Goin' back to Dallas, take my razor and my gun
Goin' back to Dallas, man, take my razor and my gun, oh yeah
Lots of people lookin' for trouble, man, sure gonna give 'em in some

I believe old Dallas, man, is the meanest town I know
I believe that Dallas, man, is the meanest town I know
Because you're not safe in Dallas, I don't care where you go

You know that I'm evil, just wanna have some fun
There's so much shit in Texas, I'm bound to step in some
Goin' back to Dallas, take my razor and my gun
If there are people lookin' for trouble, sure gonna give 'em some

I load up my revolver, sharpen up my knife
Some redneck messin' with me man, I'm bound to have his life
Down to Dallas, take my razor and my gun
Man, people there lookin' for trouble, sure gonna give 'em some
