Strolling Down the Highway

Nick Drake

Strolling down the highway
I'm gonna get there my way
Dusk till dawn I'm walkin'
Can hear my guitar rocking?While I stroll on down
On down the highwayPeople think, I'm a crazing
The Lord above ain't lazing
The sunshine's all day long
[Incomprehensible] far too strongWhile I stroll on down
On down the highwayWhile I stroll on down
On down the highwayThe cars won't stop for no one
They don't think that you're just rolling down
They think you're an OAS spy
Gonna shoot them as they go byNo cars, they won't stop
Won't stop for no oneStrolling down the highway
And I'm gonna get there my way
Dusk till dawn I'm walkin'
Can hear my guitar rocking?While I stroll on down
On down the highway
